

HARLEY SIEZAR

13049 Central Ave ◇ Chino, CA. 91710

(909)573-7747 ◇ hsiez001@ucr.edu

EDUCATION

University of California, Riverside
Junior Undergraduate
Bachelors of Science in Computer Science

Sept. 2015 - Present
Overall GPA: 3.38

TECHNICAL STRENGTHS

Computer Languages C/C++, Python, Bash, SQL, HTML, CSS, JavaScript

PROJECTS

RemindMeBOT

- Created a Twitter Bot for Cutie Hacks at UCR
- This bot reminds the user of a task at the time desired just by tweeting at it
- Used Python to create an algorithm to parse the tweet and extract the task and notification time from the tweet

Daily music (Ongoing)

- Using Twitter's API along with Spotify's API to suggest music to the user based on a song's genre
- The user will tweet to the Twitter BOT with a song and the BOT will return an album of the same genre
- Currently finding ways to parse through the metadata returned by Spotify

EXPERIENCE

Volunteer Experience

Citrus Hack Sponsorship Board

- Our responsibilities revolve around finding funding for UCR's annual Hackathon
- The team I am a part of focuses on reaching out to local tech companies and getting them involved in our event

RELEVANT COURSES
